

IN THE CAR

My Favorite Color Car Game

Instructions:

- Everyone in the car choose their favorite color – no one can have the same color.
- Watch for cars in your color. Keep track of how many you see.
- Whoever saw the most cars in their color when they get to the destination wins!

What Does That Mean?

Instructions:

- Watch for personalized license plates and try to figure out what they say.
- Keep track of how many you got right before anyone else. You lose a point if you are wrong! Have Mom and Dad judge.
- The person with the most points wins – or just yell them out as you see them for fun!

Alphabet Car Game

Instructions (this can be played two ways):

- Using license plates, start with -A- and work your way through the alphabet as you see license plates with each letter in them.
- Using anything you see on your road trip, start with -A- and work your way through the alphabet.
- Extra: Setting a time limit is fun and adds a sense of urgency to find them quickly.
